The island of Mykonos represents the epitome of a European summer vacation thanks to its atmospheric Old Town, energetic seaside restaurants, lively beach clubs, and stunning blue waters. And let's not forget the star sightings and scene-stealing windmills. The best hotels in Mykonos won't be too far from all of the above. (In fact, the best hotels in Mykonos might just have all of the above!)

But more than their proximity to all the magic this Greek island has to offer, these properties are as diverse as the demographic of travelers who flock here every summer. Whether you're a party-loving group of friends, a same-sex couple, or multi-generational family, there is a fabulous place to stay on this island.

And given its popularity, Mykonian hoteliers can't open these hotels fast enough so there's always more to check out for future trips. But for summer 2024, below are the 10 you'll want to book.

On the southern coast of the island, a trek away from the Old Town, The Wild relishes a more secluded location that might better appeal to Mykonos regulars rather than first-timers. From the team behind the fabulous restaurant Interni, The Wild stuffs 40 bohemian guest rooms into a crescent-shape clifftop where everything faces the sea. Larger suites and villas naturally come with plusher amenities, whether that's a small private pool or dining room. But even if you don't spring for one of them, The Wild still offers plenty of creature comforts: access to a private beach, an infinity pool, a charming two-room spa, and two restaurants (a classic taverna and a Greek-Japanese fusion kitchen). And if you're eager to get off the property, ask the team to set you up with an island-hopping tour to uninhabited Delos and Rhenia.

- **Amenities:** Pool, spa, restaurants, access to private beach
- **Bonus Tip:** If you want a wild experience, the hotel is launching a sailing excursion aboard a *trata*, a traditional fisherman's boat native to the Cyclades. With local fishermen, you'll learn how to fish with nets before heading back to the hotel to savor the fruits of your efforts.
- **Address:** Kalafatis
